

ORDINANCE ACTION

TO: Huntsville Town Planning Commission
FROM: Huntsville Town Council
DATE: May 1, 2024
**RE: Ordinance 2023-12-14, Amending Title 15.10,
Agricultural Zone A3**

The Huntsville Town Council approved Ordinance 2023-12-14, Amending Title 15.10, Agricultural Zone A-3 and changes to Table 15-1 at their regularly scheduled meeting on April 17, 2024.

Zones that include A-5 and A-20 are included under the code for A-3. This is for future use. We currently do not have zones in Huntsville Town larger than A-3. Table 15-1 was updated to reflect the allowable uses for the A-5 and A-20 zones.

The Planning Commission provided clarification on side yard measurements and regulations. Roof eaves extending out eighteen (18) inches or less are allowed in a 10-foot setback. In addition, this setback was noted specifically for private garages, accessory buildings or other above-ground structures.

A second sentence was added to the residential zone regulations 15.6.2.G. and 15.6.2.H.

15.6.2.G. Accessory Structures or Buildings. No accessory structure or building, or portion thereof, shall be rented, including in-kind considerations, as a dwelling unit.

15.6.2.H. No accessory structure or building, or portion thereof, shall be used as a dwelling unit; except on a short-term basis (no more than 15 days) and only by friends or family of the owner while the owner occupies the property.

Changes were made on sign requirements for those homes bordering a state or county highway and housing a home business in 15.21.6.

The Town Council also approved clarification on privately owned fences. Privately owned fences should not be built beyond the property owner's property line or on Town property.

- 15.10.1 Purpose

- 15.10.3 Permitted Uses
- 15.10.4 Conditional Use Standards
- 15.10.5 Single Family Dwellings
- 15.10.6 Permitted Signs

15.10.1 Purpose

The purpose of the Agricultural Zones is to designate farm areas that are likely to undergo a more intensive urban development; to set up guidelines to continue small-scale, limited agricultural pursuits including the keeping of animals; and to direct orderly low density residential development in a continuing rural environment. The A-3 zone requires a three-acre minimum lot requirement, the A-5 zone requires a 5-acre minimum lot requirement, and the A-20 zone requires a 20-acre minimum lot requirement.

The intent of the A-20 zone is to protect and preserve the natural environment of those areas in Huntsville Town that are characterized by naturalistic lands and to permit development compatible with the preservation of those lands, including preventing sanitation and pollution problems and protecting the watershed.

15.10.2 Agriculture Preferred Use

Small scale agriculture and single-family dwellings are the preferred uses in these agricultural zones. All small-scale, limited agricultural operations are encouraged including the operation of farm machinery.

15.10.3 Permitted Uses

Refer to Table 15.1 (Allowable Use Table) for all permitted uses in the A-3, A-5 and A-20 zones.

Alleys shall not be considered street frontage unless the Town designates it as such and provided no other street frontage is available.

2. The frontage requirement minimum is one hundred twenty (120) feet on a lot when an alley is the only reason for not being able to provide one hundred thirty (130) feet.
3. Primary vehicular access is defined as the access used to access the residence the majority of the time. Primary vehicular access to the lot must be identified on the submitted site plan.
4. Unless the lot is on the corner of two public streets (a "Corner Lot"), primary vehicular access to the lot shall be from the designated frontage. For a Corner Lot, vehicular access can be from either street provided, if the primary vehicular access is not from the designated frontage, the set-back should be no less than 20-feet from the property line.

D. Every Dwelling is to be on a "Lot"

Every dwelling shall be located and maintained on a "lot" as defined in this ordinance; such lot shall have the required frontage on a public street or on a right-of-way which has been approved by Huntsville Town. No building may be located upon any area on the lot covered by an easement.

E. Front, Side and Rear Yard and Height Regulations

1. The minimum depth of the front yard for the dwelling and for private garages shall be thirty (30) feet from the property line.
2. No obstruction to view in excess of two (2) feet in height shall be placed or permitted to remain on any corner lot within a triangular area formed by the street property lines and a line connecting them at points twenty (20) feet from the intersection of the street lines, except a reasonable number of trees pruned high enough to permit unobstructed vision to automobile drivers.
3. The minimum side yard for any dwelling, private garage, accessory building, or above-ground structure requiring footings shall be ten (10) feet. Measurement of the side yard shall be the distance between the wall of a structure (above or below ground) and the side property line. If the wall is built straight up from the foundation, the measurement can be made from the foundation wall. The only portion of the structure allowed to violate the ten (10) foot setback is a roof eave extending out 18 inches or less.
4. Where the rear of a lot abuts the side of an adjoining lot, the minimum setback for any building or above-ground structure requiring footings on the rear of the former lot shall be ten (10) feet from the property line.
5. Where the side of a residential lot abuts an alley, the minimum side yard for any residence shall be ten (10) feet from the alley boundary. The minimum side yard

or rear yard for a garage, accessory building, or above-ground structure requiring footings that abuts an alley shall be one (1) foot measured from the alley boundary.

6. For setbacks where the boundary is a natural stream or river corridor see the Huntsville Town Sensitive Lands Title 15.15.
7. No building shall be erected to a height greater than two and one-half (2-1/2) stories or thirty-five (35) feet.
8. No dwelling shall be erected to a height of less than one (1) story above ground.
9. No building which is accessory to a single-family dwelling shall be erected to a height greater than thirty-five (35) feet.
10. Height is defined as the vertical distance from the average of the highest natural grade and the lowest natural grade to the highest point of the coping of a flat roof, or to the deck line of a mansard roof, or to the highest point of the ridge of a pitch or hip roof.

F. Coverage Regulations

1. No single building shall cover more than twenty-five (25) percent of the area of the lot or parcel upon which it resides.
2. No group of buildings (including dwellings and accessory structures), in aggregate, shall cover more than thirty-five (35) percent of the area of the lot or parcel upon which they reside.

G. Special Provisions

1. Public health requirements concerning domestic water supply and sewage disposal shall comply with State and Weber/Morgan County Health Department requirements. A septic tank certificate of design approval from the Weber/Morgan County Health Department shall be required in all applications for a building permit.
2. Lots identified by the Town Engineer containing wetlands will not be approved as a building lot by Huntsville Town without a demonstration from the Army Corps of Engineers approving the delineation of the boundaries of the wetlands within the lot.
3. No building or structure shall be constructed within the boundaries of any public reservoir as determined by the public agency having jurisdiction or within the boundaries of any natural waterway or watercourse as determined by the Huntsville Town Engineer wherein no buildings or structures shall be constructed,

or land subdivided. Where buildings are to be constructed within fifty (50) feet of the exterior boundaries of a flood channel existing at the effective date of this ordinance, adequate measures must be taken as determined by the Floodplain Administrator or Town Engineer to protect the building or structure from damage due to floods and so as not to increase the hazard to surrounding lands and buildings.

4. The required yard space shall be kept free of debris, refuse, or other flammable material which may constitute a fire hazard, as further defined in the Huntsville Town Nuisance Title.
5. The requirements of this Title as to minimum building site area shall not be construed to prevent the use for a single-family dwelling of any lot or parcel of land in the event that such lot or parcel of land is held in separate ownership at the time this ordinance becomes effective.
6. No space needed to meet the width, yard, area, coverage, parking, or other requirements of this ordinance for a lot or building may be sold or leased away from such lot or building.
7. No parcel of land which has less than the minimum width and area requirements for the zone in which it is located may be cut off from a larger parcel of land for the purpose, whether immediate or future, of building or development as a lot.

H. Swimming Pools

A family swimming pool shall be permitted in the side or rear yard of a dwelling as an accessory use, only under the following conditions.

1. The location of the family swimming pool, accessory machinery, or above ground structure requiring footings shall not be less than ten (10) feet from the dwelling's property boundaries. On corner lots, the distance from said pool to the property line facing on a street shall not be less than the required side yard setback for an accessory building.
2. An outdoor family swimming pool shall be completely enclosed by a substantial fence of not less than six (6) feet in height or a power safety cover that meets the requirements of the International Building Codes. A "substantial fence" means any fence that will not allow normal passage by any person except through an otherwise locked gate.
3. Lighting shall conform to the requirements of 15.22.7. Additionally, lights used to illuminate the swimming pool or its accessory buildings or equipment shall be so arranged as to reflect the light away from adjoining premises.

If the wall is built straight up from the foundation, the measurement can be made from the foundation wall. The only portion of the structure allowed to violate the ten (10) foot setback is a roof eave extending out eighteen (18) inches or less.

B. Where the rear of a residential lot abuts the side of an adjoining residential lot, the minimum side yard for any dwelling shall be ten (10) feet. The minimum side yard for a private garage, accessory building, or any above-ground structure with footings shall not be less than ten (10) feet.
